1. The following information was obtained from the records of the Department of Health and Human Services, Office of the Assistant Secretary for Health, regarding the activities of the National Health and Medical Research Council (NH&MRC) during the period from 1960 to 1965:

2. The NH&MRC was established in 1960 as a part of the Department of Health and Human Services. It was created to coordinate and conduct research in the field of health and medicine, and to provide advice to the Secretary of Health and Human Services on matters relating to health and medicine.

3. The NH&MRC was organized into several divisions, including the Division of Biomedical Sciences, the Division of Health Services, and the Division of Health Policy and Planning. Each division was headed by a director, and each division was responsible for conducting research in its respective field.

4. The NH&MRC was also responsible for coordinating and conducting research in the field of health and medicine, and for providing advice to the Secretary of Health and Human Services on matters relating to health and medicine.

5. The NH&MRC was also responsible for coordinating and conducting research in the field of health and medicine, and for providing advice to the Secretary of Health and Human Services on matters relating to health and medicine.

6. The NH&MRC was also responsible for coordinating and conducting research in the field of health and medicine, and for providing advice to the Secretary of Health and Human Services on matters relating to health and medicine.

7. The NH&MRC was also responsible for coordinating and conducting research in the field of health and medicine, and for providing advice to the Secretary of Health and Human Services on matters relating to health and medicine.

8. The NH&MRC was also responsible for coordinating and conducting research in the field of health and medicine, and for providing advice to the Secretary of Health and Human Services on matters relating to health and medicine.

9. The NH&MRC was also responsible for coordinating and conducting research in the field of health and medicine, and for providing advice to the Secretary of Health and Human Services on matters relating to health and medicine.

10. The NH&MRC was also responsible for coordinating and conducting research in the field of health and medicine, and for providing advice to the Secretary of Health and Human Services on matters relating to health and medicine.
